

Ecliptek Updates Conflict Mineral Program, Includes Part Number Declaration Tool

*New tool enables users to generate DRC Conflict Free Declarations for
Ecliptek part numbers from the website*

October 12, 2012

Costa Mesa, CA - Ecliptek Corporation, in order to assist our customers in meeting compliance requirements included in the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, has introduced a web based tool that provides users the ability to receive a [Conflict Mineral Free Declaration](#) at the part number level.

Working closely with our supply base, Ecliptek has verified that all products declared as DRC Conflict Free are not manufactured with tin, tungsten, tantalum or gold mined in the Democratic Republic of Congo (DRC) or the surrounding area and do not contribute to the hostilities and human rights violations in the region.

Along with this new tool, Ecliptek has updated its [Conflict Mineral FAQs](#) and [Roadmap](#) to insure that our customers have all of the information they need to address the recent regulation. As responsible corporate citizens, Ecliptek Corporation is dedicated to the preservation of our global environment and to creating and promoting technologies and practices that foster economic, environmental and social sustainability.
